**Youth Birding Course Excites and Inspires**

When you are young, every bird you see is a life bird (one you've never seen before). Learning bird songs is like learning a foreign language, but hearing them repeatedly allows you to remember them for the rest of your life. *Read more…*

**Energize Northampton!**

Hitchcock is pleased to be able to continue our Energy Literacy program in 2015-2016, thanks to a grant awarded from the Northampton Education Endowment Fund. Our educators will bring this program to every 4th grader in the Northampton School District. *Read more…*

**Plants: Eat or Be Eaten!**

We mostly think of plants as well-behaved, passive creatures, rooted in one place and hoping quietly that sun and soil will provide them what they need in life. But we'd be wrong! Plants actively shape their habitats, communicate with each other, conspire against predators, and sometimes become predators themselves. *Read more…*
In preparing for our move, we've selected some library books that we need to part with. We invite you to stop by the Center to check out the selection. Books are free with a suggested $1 donation each. All donations will go toward our Scholarship Fund, to help send children to camp this summer. Books will be available through January 22nd.

BUILDING FOR THE FUTURE Campaign Update

- Join us for First Friday Construction Site Tours 12:30-1pm. Next tours are February 5th and March 4th.
- December was a thrilling month as our building was framed, sheathed, and trussed, and our water reservoirs were installed. Watch our our progress in timelapse video and images.
- We are thankful for the generous donation of $50,000 from All States Asphalt, Inc.
- Help us meet two fundraising challenges! As we raise the last $700,000 needed to reach our $5.8M campaign goal, we’ve received two challenge grants to keep momentum going. The Community Foundation of Western Mass will match all gifts of $1,000 or more from individual donors, up to $50,000, and the Beveridge Family Foundation will match all gifts from businesses, up to $40,000. Visit our donation page to make a contribution with double the impact!

Upcoming Programs and Events

About Us
The Hitchcock Center is a 501(c)3 nonprofit organization that works to inspire people to learn about our natural world through innovative, hands-on environmental education programs. We help people to explore the interconnections between the health of humans and ecosystems, reinforcing our innate bonds with our environment, and looking to nature as a model and measure to improve our quality of life.
